FOR IMMEDIATE RELEASE

Eclipse Expositions Inc. (NPO) Presents the World's Largest Youth-Led Event: EclipseExpo

Waterloo, Ontario — EclipseExpo, the world's largest youth-led event, is bringing together 1000+ of the brightest minds worldwide for a day of connecting with inspiring speakers, world-changing ideas, and each other. This groundbreaking conference, fully organized by the capable youth who organized TEDxColumbia Lake Youth, HomeworkHub Tutoring, Hack the 6ix, and others, will be held in October 2024 in Waterloo, Ontario, Canada's innovation hotspot.

Youth changemakers, from tech pioneers to civic leaders, researchers, and artists, will be given a platform to showcase their projects and ideas. By leading activities, interacting with mentors, and networking, EclipseExpo is designed to build communities and set the stage for youth to reshape the future as we know it. This global initiative is first taking place in Waterloo.

EclipseExpo will encompass speeches from youth and industry leaders; workshops; booths from corporations, small businesses, and various organizations; exposition halls featuring youth projects; and a platform for youth to socialize. EclipseExpo empowers participants to pursue initiatives beyond the academic world. Tickets will be free for all youth attendees, as the event is dedicated to lowering barriers to excellence. Pre-registration is available at <https://eclipseexpos.org/>.

Described by EclipseExpo founder and president Hooman Reza Nezhad, who was also the lead organizer of TedxColumbia Lake Youth, EclipseExpo is “a melting pot of talent, innovation, and ambition — a showcase of what is possible when driven youth come together.”

Eclipse Expositions Inc. is a NPO established by primarily high school students from across Canada who have experience managing several of the nation's largest youth-led organizations, including Peak Education, TEDxColumbia Lake Youth, HomeworkHub Tutoring, Quetzal, MathemaTech, Hack the 6ix (Toronto's largest hackathon), and advised by past Hack the North Leads. EclipseExpos is led by President Hooman Reza Nezhad and Vice President Jeffrey Zang, as well as Moulik Budhiraja, Lauren Hsu, Aasha Khan, Kyo Lee, Moiz Munir, David Raicu, Afaq Virk and Anne Zhang.
